

Equipment Checklist

The following table lists the equipment and supplies needed for this course. Use this checklist as you set up the course to make sure you have all the equipment you need for the course. The equipment used for this course includes a code cart for in-hospital providers and a code kit for out-of-hospital providers. The code cart/kit should contain the equipment and supplies listed in the table.

Equipment and Supplies	Quantity Needed	Lessons Needed
Paperwork		
Course roster	1/course	All
Name tags	1/student & instructor	All
Course agenda	1/student & instructor	All
Course completion card	1/student	All
<i>ACLS Provider Manual</i>	1/student & instructor	All
ECC Handbook (optional)	1/student & instructor	All except written test
ACLS posters	1 set per class	All except written test
Precourse letter	1/student	All
Megacode testing checklist	1/student	All
ACLS Provider Course written test	1/student	Written test
Blank test answer sheet	1/student	Written test
Written test answer key	1/course	Written test
<i>ACLS Instructor Manual</i> and ACLS lesson maps	1/instructor	All
AV Equipment		
TV with DVD player or VCR or Computer with projector and screen	2/course	All
Course DVD(s) or videotape(s)	2/course	All
CPR/AED Equipment		
Adult CPR manikins with shirt	2/every 12 students	CPR/AED
Adult airway manikin	2/every 12 students	Management of Respiratory Arrest
Stopwatch	1/instructor	All
Countdown timer	1/instructor	All
AED trainer with adult AED training pads	2/every 12 students	CPR/AED
Stools to stand on for CPR	2/every 12 students	

(continued)

Equipment and Supplies	Quantity Needed	Lessons Needed
Airway and Ventilation		
Adult pocket mask	1/every 3 students or 1/student	CPR/AED
1-way valve	1/student	CPR/AED
Bag-mask, reservoir, and tubing	1/every 3 students	Management of Respiratory Arrest
Oral and nasal airways	1 set each/station	Management of Respiratory Arrest
Water-soluble lubricant	1/station	Management of Respiratory Arrest
Nonrebreather mask	1/every 3 students	All practice lessons
Rhythm Recognition and Electrical Therapy		
ECG simulator	1/station	All practice lessons
Electrodes	1/station	All practice lessons
Rhythm generator	1/station	All practice lessons
Monitor capable of defibrillator/synchronized cardioversion, transcutaneous pacing (TCP)	1/station	All practice lessons
Pacing pads, defibrillator pads, or defibrillator gel (if pads are not used)	1/station	All practice lessons
Spare batteries or power cord	1/station	All practice lessons
Spare ECG paper	1/station	All practice lessons
Recommended Drugs or Drug Package		
Epinephrine	1/station	All practice lessons
Atropine sulfate	1/station	All practice lessons
Amiodarone (or lidocaine)	1/station	All practice lessons
Adenosine	1/station	All practice lessons
Vasopressin	1/station	All practice lessons
Saline fluid bags/bottles	1/station	All practice lessons
IV pole	1/station	All practice lessons
Safety		
Sharps container (if using real needles)	1/station	All practice lessons
Advanced Airway (optional)*		
*Advanced airway skills (ET tube, LMA, Combitube) are not taught in the ACLS course.		
ET tube kit (optional; used for 2-rescuer CPR practice with a simulated secure airway)	1 kit for each respiratory arrest station	Management of Respiratory Arrest
Cleaning Supplies for Use Between Student Practice and After Course		
Manikin cleaning supplies	Varies	All
